Buyer Name: _____

Email: _____ Purchase Price _____

THE PERSONS ABOVE HAVE MUTUALLY AGREED TO THE FOLLOWING:

1. The buyer transfers a deposit of \$500 USD to the breeder to secure a place on the waiting list from the breeder and to reserve the right of having the choice of a puppy from one of the upcoming future litters from the breeder. The transfer of the deposit will be made by the buyer to the breeder by using:
 - A bank transfer of \$500 + extra transfer fees involved
(The specific bank details of the breeder can be send to the buyer via email)
 - A paypal transfer of \$500 deposit + extra Paypal transfer fees made to:
colorfulfrenchies@gmail.com
 - Deposit into Wells Fargo account
2. Preferred choice of buyer in puppy gender is:
 - MALE
 - FEMALE
3. Preferred choice of buyer in coat color of the future puppy is:
 - Lilac
 - Chocolate
 - Blue Fawn
 - Blue Brindle
 - Blue & tan
 - Brindle
 - **No preference**
4. The positions of the people on the waiting list from the breeder are in order of received deposits! The buyer must make sure the deposit is done at the same day of signing this agreement and, a copy of this transfer must be added to this signed agreement.
5. The \$500 deposit will be deducted of the purchase price of the puppy that is chosen by the buyer. The balance needs to be fully received by the breeder when the puppy turns 8 weeks of

age to make sure that there are no delays in planning the flight. Domestic flight nanny fee's are \$425, and buyer responsibility, international fee's vary.

6. If the buyer does not choose a puppy from a current available litter from the breeder, the deposit from the buyer will automatically move forwards to the next available litter from the breeder. If the people on the waiting list who've been PLACED IN FRONT OF the buyer, have chosen a puppy from a previous litter, the buyer will automatically move up in rank and position on the waiting list for the next available litter from the breeder.
6. The breeder will always keep the sole right to choose and pick the first puppy from each litter for herself. The buyer is fully aware that this means that the highest possible and reachable rank is the #2 position on the waiting list, which allows the person in this specific waiting list position to choose as second person from all available puppies in the litter after the breeder has made her first puppy choice known.
7. The breeder and buyer mutually agree that:
 - 1) The deposit has NO EXPIRATION DATE.
 - 2) The deposit is NOT REFUNDABLE after being made by the buyer to the breeder
 - 3) The deposit is valid until the moment arrives that the buyer has chosen and fully purchased a puppy from the breeder.
 - 4) If the buyer wants to be removed from the breeders waiting list, for whatever possible reason, he or she is fully aware that the deposit is not being refunded. The buyer will be deleted from the waiting list after the breeder has received a written and signed request from the buyer to be taken off the waiting list.
8. The buyer is aware by signing this agreement that important decisions concerning the choosing and purchase of a puppy must be made within a certain timeframe. The buyers decision must be known to the breeder, before the litter turns 4 weeks of age.

If the buyer does not choose a puppy before the available litter reaches the age of 4 weeks, the breeder is free to advertise the available puppies and to offer them to third parties who show interest in purchasing a puppy from the breeder.

The deposit from the buyer will (in the above situation) move towards the next available litter with the possibility that the buyer moves up in rank on the waiting list.

If there aren't any available puppies in the preferred gender or color of the buyer in the available litter, the buyer's deposit will move towards the next available litter from the breeder with the possibility for the buyer to automatically move up in rank when people who've been placed in front of the buyer's position on the waiting list, have purchased puppies from previous or currently available litters and therefor will be removed from the waiting list after their puppy purchase.
9. The prices of the available puppies will always be determined after each litter DNA received, and generally the purchase prices of the puppies will be as follows for limited registration. We do offer full registration on some puppies at an additional cost. Occasionally some puppies with rare DNA and outstanding confirmation are offered first at FULL AKC breeding rights which can be significantly higher pricing than limited registration. If puppies are not placed with Full Registration at 12 weeks they will be available for limited registration.
